UNIQUE OPPORTUNITY TO MAKE
SOMETHING AWESOME

About Company

We operate since our founding as a global consulting company. We support our customers by contributing to their efforts to take on corporate transformation challenges, providing the full range of consulting services from management strategy to business process consulting.

SPECIALIZED FOR INVESTORS AND ENERGY GENERATING COMPANIES

Our Philosophy

COLLABORATION

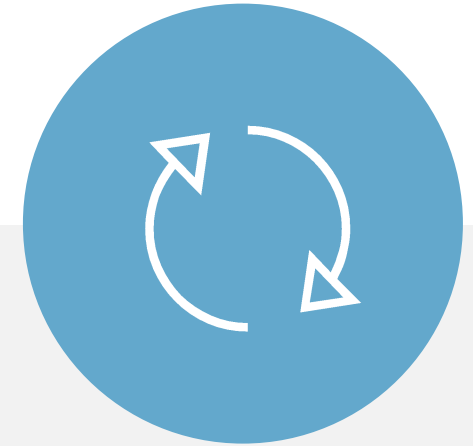

Our core activities are based on our Team effort to deliver and execute an outstanding project result. Networking to ensure we take full advantage of all the competencies available in our company and through our key partners.

This collaborative resolution, grounded in our dedication to each employee's self-development.

CONFIDENCE

Mutual trust is essential for the proper conduct of our business and the efficient management of our projects. We are built on the responsibility given to each decision maker, the delegation of authority, and the belief in the importance of each employee's role in our group. It is based on the openness of everyone to his or her professional environment to ensure transparency.

ENGAGEMENT

To reach our commitment to deliver the very best products and services that surpass customer requirements, Engagement and action are the key factor. More action builds on strategic thinking and underlined by our customer care, integrated into our daily activities and into each project is the key of success.

MANAGEMENT PHILOSOPHY

CA Consulting is a fusion of competencies that create this company. We believe in maintaining high standard value of professionalism, integrity, creativity, positive attitude, delivery that meets and surpass expectations while offering prompt and lasting solutions that stand the test of time..

Corporate responsibility

OUR LONG-TERM CONCEPT THAT, IN ADDITION TO INITIATIVES IN THE EDUCATION AND SOCIAL SECTORS, FOCUSES ON PROFITABLE MANAGEMENT

INDEX OF RESPONSIBILITY

As a conscientious corporate citizen, CA Consulting acknowledges that it has a direct responsibility to society and to the communities where we do business. We recognize that commercial objectives cannot be obtained over the long term unless the legitimate aspirations of society at large are also addressed.

Work Statistic since 2017

CA Consulting strategic approach relies on the resources needed and/or on the capacity to expand. In other words, the future situation is not a “constraint” but a mid-term outcome of the optimization and the reinforcement of the company’s current capabilities..

ANNUAL GROWS

CUSTOMERS GROWS

10

CONTRACTS DONE.

10

NEW CUSTOMERS.

5

FEEDBACKS

Our Main Goals

CUSTOMER SATISFACTION

We take an integration view of the challenges of linking projects requirements to the needs of business and their managers. Strategy, at its heart, is about making critical decision around the allocation of scarce resources

PROJECT EXECUTION

CA Consulting has years of experience in the preparation and execution of large-scale projects.

BENEFITS

Our long-term concept that, in addition to initiatives in the education and social sector, focuses on profitable management.

TRANSFER OF COMPETENCIES

Core competencies are the resources and/or strategic advantages of a business, including the combination of pooled knowledge and technical capacities, that allow it to be competitive in the marketplace

INCOME GROWTH

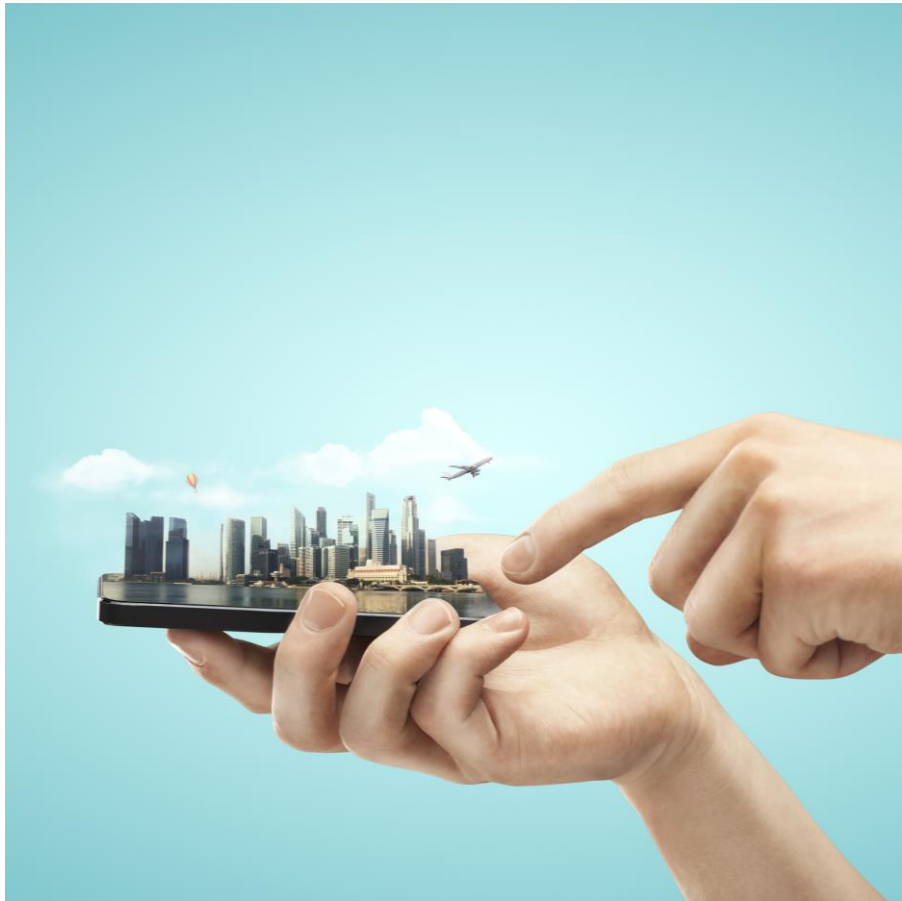

We look at different investment possibility to guarantee our customers wealth growth

APPLICATION DEVELOPMENT

We are developing an Application to simplify relationship.....more to come soon...

Creative Process

OUR BUSINESS IS STRUCTURED AROUND GLOBAL BUSINESS PLATFORMS THAT TOGETHER ENCOMPASS OUR INTERESTS ACROSS INDUSTRY GENERATING COMPANIES AND GOVERNMENT IN AFRICA, MIDDLE-EAST AND ASIA
